## Terms of Use

**Bibliographic Citation:** Publications based on ICPSR data collections should acknowledge those sources by means of bibliographic citations. To ensure that such source attributions are captured for social science bibliographic utilities, citations must appear in footnotes or in the reference section of publications. The bibliographic citation for this data collection is:

U.S. Dept. of Commerce, Bureau of the Census. CENSUS OF POPULATION AND HOUSING, 2000 [UNITED STATES]: SUMMARY FILE 1 SUPPLEMENT, STATES [Computer file]. ICPSR release. Washington, DC: U.S. Dept. of Commerce, Bureau of the Census [producer], 2003. Ann Arbor, MI: Inter-university Consortium for Political and Social Research, [distributor], 2003.

**Request for Information on Use of ICPSR Resources:** To provide funding agencies with essential information about use of archival resources and to facilitate the exchange of information about ICPSR participants' research activities, users of ICPSR data are requested to send to ICPSR bibliographic citations for each completed manuscript or thesis abstract. Visit the ICPSR Web site for more information on submitting citations.

**Data Disclaimer:** The original collector of the data, ICPSR, and the relevant funding agency bear no responsibility for uses of this collection or for interpretations or inferences based upon such uses.

**Responsible Use Statement:** In preparing data for public release, ICPSR performs a number of procedures to ensure that the identity of research subjects cannot be disclosed. Any intentional identification or disclosure of a person or establishment violates the assurances of confidentiality given to the providers of the information. Therefore, users of data obtained from the ICPSR archive and/or any of its special topic archives agree:

- To use these datasets solely for statistical analysis and reporting of aggregated information, and not for investigation of specific individuals or organizations, except when identification is authorized in writing by ICPSR
- To make no use of the identity of any person or establishment discovered inadvertently, and to advise ICPSR of any such discovery
- To produce no links among ICPSR datasets or among ICPSR data and other datasets that could identify individuals or organizations

**Redistribution:** ICPSR data may not be redistributed or sold to other individuals, institutions, or organizations without the written agreement of ICPSR.

## Data Collection Description

Principal Investigator(s): United States Department of Commerce. Bureau of the Census

Title: Census of Population and Housing, 2000 [United States]: Summary File 1 Supplement, States

ICPSR Study Number: 13566

Summary: The SF1 Supplement file was created for three reasons: (1) to provide users with urban/rural data at the block level (not available on the Summary File 1 State files [ICPSR #3194]), (2) to provide users and American FactFinder with a source for updating SF1 tables P2 and H2 with urban and rural summary counts for all SF1 state summary levels, and (3) to provide users with SF1 tables P2 and H2 for three summary levels (085, 090, and 100) that were not available prior to urban/rural delineation.

Universe: All persons and housing units in the United States in 2000.

Date of Collection: 2000

Data Collection Notes: (1) The data are provided in two segments (files) per states. These files are the Geographic Header and Tables P2 and H2. The Geographic Header file is in fixed-format ASCII and the Table file is in comma-delimited ASCII format. The Geographic Header has 83 variables and Table files have 17 variables. The combined data file will have 95 variables. (2) The codebook is provided by the principal investigator as a Portable Document Format (PDF) file. The PDF file format was developed by Adobe Systems Incorporated and can be accessed using PDF reader software, such as the Adobe Acrobat Reader. Information on how to obtain a copy of the Acrobat Reader is provided on the ICPSR Web site.

Data Source: self-enumerated questionnaires

Extent of Collection: 2 data files per state + machine-readable documentation (PDF) + database dictionary + SAS data definition statements + SPSS data definition statements + Stata data definition statements

Extent of Processing: REFORM.DOC/ DDEF.ICPSR

Data Format: comma-delimited with SAS, SPSS, and Stata data definition statements

## File Specifications

| Part No. | Part Name | File Structure | Case Count | Variable Count | LRECL | Records Per Case |
|----------|-----------|----------------|------------|----------------|-------|------------------|
| 1        | Alabama   | rectangular    | 383,313    | 95             | -     | 1                |
| 2        | Alaska    | rectangular    | 54,032     | 95             | -     | 1                |

## Census 2000 Summary File 1 Supplement Delivered via FTP

Contents  
File Description  
About the FTP Application  
File Naming Conventions  
Technical Documentation  
Data Records and Segmentation  
File Record Layout  
FTP File Transfer  
Spreadsheet and Data Base Aids

### FILE DESCRIPTION

The SF 1 Supplement file is being created for three reasons: (1) to provide users with urban/rural data at the block level (not available on the Summary File 1 State files), (2) to provide users and American FactFinder with a source for updating SF1 tables P2 and H2 with urban and rural summary counts for all SF1 state summary levels, and (3) to provide users with SF1 tables P2 and H2 for three summary levels (085, 090, and 100) that were not available prior to urban/rural delineation.

### ABOUT THE FTP APPLICATION

- The application is intended for experienced users of census data and spreadsheet/database software.
- FTP users should have a fast file transfer capability.
- Users of the FTP application need to download the file and then import it into the spreadsheet/database software of their choice for data analysis and table presentation.

### FILE NAMING CONVENTIONS

- The naming convention for geographic header files is ssgeo.ur1.
  - ss is USPS state abbreviation
    - The codes are in technical documentation on page 7-1, located at <http://www.census.gov/prod/cen2000/doc/sf1.pdf>
  - ssgeo.ur1 is a constant across SF1 Supplement geographic header names.
- Naming convention for SF1 Supplement data files is ss00001.ur1.
  - ss is USPS state abbreviation

-- .ur1 is a constant across SF1 Supplement data file names

## TECHNICAL DOCUMENTATION

-- The complete technical documentation for SF1 is available at  
<http://www.census.gov/prod/cen2000/doc/sf1.pdf> .

## DATA RECORDS AND SEGMENTATION

-- Table distribution across data files is as follows:

| File name   | Number of<br>data items | Matrix<br>number |
|-------------|-------------------------|------------------|
| ss00001.ur1 | 12                      | P2-H2            |

-- Five fields are carried over from the geographic header file into each data file.

-- These fields are file identification (FILEID) uSF1UR, characteristic iteration (CHARITER), characteristic iteration file sequence number (CIFSNO) and logical record number (LOGRECNO).

-- These five fields appear in the geographic header record are in a fixed field format. These five fields appear in the data file in a comma delimited format.

-- These five fields are used to "match" records in the data file for a particular characteristic iteration to the geographic information in the geoheader.

-- A file set structure schematic appears below:

Figure 2-1a. File Set Structure Schematic - File Set

| Geographic Header File | File 01               |
|------------------------|-----------------------|
| File name=algeo.ur1    | File name=al00001.ur1 |
| -----                  | -----                 |
| Record 1               | FILEID (uSF1UR)       |

## FILE RECORD LAYOUT

-- For a layout of the table in each file, see the following:

There are two tables in the SF1 Supplemental Tabulation.

P2: Urban and Rural [6]

Universe: Total Population

Total:

Urban:

Inside urbanized areas:

Inside urban clusters

Rural

Filler

H2: Urban and Rural [6]

Universe: Housing Units

Total:

Urban:

Inside urbanized areas:

Inside urban clusters

Rural

Filler

## FTP FILE TRANSFER

-- Summary File 1 (SF1) Supplement FTP directory is at  
ftp2.census.gov/census\_2000/datasets/Summary\_File\_1\_Supplement .

-- Each state directory provides all files available for the identified state.

- The directory for each state has a geographic header file and 1 data file.
- The files are in a flat ASCII format.
- No software is provided.
- Downloading multiple files
  - UNIX environment-"mget" subcommand allows transfer of multiple files using the wildcard character.
    - Example: ftp> prompt off  
ftp>mget ne\* (for this example, Nebraska is selected).
  - Windows Environment-many FTP products have been developed which have the capability to download multiple files with a single command.
- We used the ws\_ftp product in testing the download.
  - A demonstration copy is available at <http://www.ipswitch.com/> .
- An Internet search using the term "download multiple files" yielded other similar products.
- For step-by-step instructions with screen shots, please see <http://www.census.gov/support/2000/SF1/>

## SPREADSHEET AND DATA BASE AIDS

- For step-by-step instructions with screen shots for moving the data and structure to a spreadsheet, please see <http://www.census.gov/support/SF1ASCII.html> .
- Structure files in Access97 and other formats are available at <http://www.census.gov/support/2000/SF1/> .
- We are unable to provide one-on-one support for applications of the data to specific spreadsheets or data base software.
